

MAGGIE'S MISSION ANGELVERSARY GALA

WE MISS YOU MAGGIE SCHMIDT

This photo was taken in June 2016 at Maggie's sweet sixteen party.
In less than two months, the healthiest girl we knew would become gravely ill.
Life as we knew it, would never be the same.

We'd like to welcome Dr. Alex Kentsis tonight from MSK Kids.

Thanks to the generosity and support of Maggie's Mission, Dr. Alex Kentsis launched a study that investigates how distinct genome tumor rearrangements can impact the effectiveness of treating rare pediatric sarcomas. This information can then be used to match patients whose tumors carry specific mutations to the best immunotherapies and clinical trials to counter their particular disease.

Dr. Alex Kentsis, MD, PhD

Dr. Kentsis and his team have already begun to uncover new, more potent combinations of immunotherapies that work better than one medicine used alone. This is an ambitious program that is already taking shape in real and exciting ways — with steps underway to begin a clinical trial for children with rhabdoid tumors.

Donations made to Maggie's Mission directly benefit the incredible work of Dr. Kentsis and his team at MSK Kids, MSK Kids's pediatric program, and allow our doctors and scientists to find new and better treatments for kids with cancer. With the support of Maggie's Mission, we have an unprecedented opportunity to change the lives of those who are impacted by pediatric cancer — both now, and in the years to come.

MAGGIE'S MISSION IMPACT

With your help, in less than a full year of earning our official 501(c)3 status, Maggie's Mission was able to fully fund \$282,426 towards our first research project on Malignant Rhabdoid Tumors at MSK Kids at Memorial Sloan Kettering.

In January of 2019, with the help of an amazing man - Hank Braun, Maggie's Mission was awarded a \$300,000 research grant provided by the St. Giles Foundation which will help to further the research on "MRT" that was started at Memorial Sloan Kettering.

We are also extremely proud to have been able to provide almost \$35,000 in financial assistance to local families and children affected by a pediatric cancer diagnosis.

To further honor our mission of "Maggie Gives Back", we have donated \$8,000 in scholarships to Harborfields H.S. students where Maggie attended school.

And, finally we are continuing our commitment to provide and serve meals to the children and families staying at Ronald McDonald House of NYC.

Tonight, we honor all children, young adults and their families who have battled cancer or are still battling, particularly Gabby Cava and her family "Team Gabby" - our guests of honor tonight. Thank you all for carrying us, Maggie and the children and families that have been affected by pediatric cancer and all cancer in your hearts.

THANK YOU!

A very special heartfelt thanks to Mathew (Matt) Polcer, who was Maggie's boyfriend and best friend throughout her illness. He was there by her side during everything she went through. The song he sings tonight is called "Angel Rays" by Trevor Hall.

THANK YOU FOR YOUR SUPPORT!
