

**MAGGIE'S MISSION
ANGELVERSARY GALA**

FRIDAY, JUNE 3

2022

FIFTH ANNIVERSARY

WELCOME TO THE FIFTH ANNIVERSARY OF OUR ANGELVERSARY GALA

WE ARE THRILLED TO BE BACK TOGETHER
TONIGHT FOR AN EVENING OF

LOVE + HOPE

HONORING MAGGIE, HER LOVE OF CHILDREN, AND ALL CHILDREN
AND YOUNG ADULTS AFFECTED BY PEDIATRIC CANCERS

Joining us tonight and speaking is Jamie Wrede, a local Harborfields student diagnosed with Osteosarcoma, a type of pediatric bone cancer in 2014. Jamie was treated at Memorial Sloan Kettering in NYC. Jamie attends Quinnipiac College. Thank you Jamie for sharing your story with us all this evening.

Also joining us is Dr. Alex Kentsis. Dr. Kentsis, his lab, and team are leading the research Maggie's Mission helps fund to discover better treatment options for MRT (Malignant Rhabdoid Tumors), the rare and very aggressive cancer that stole Maggie's life. Their research is critical. Your support helps us fund this important work. Thank you!

How much better our world would be if we were able to offer children and young adults like Maggie better odds to beat all pediatric cancers.
